

ITALIANS WIN
FIRST CONFLICT

Drive Two Turkish Torpedo Boat
Destroyers Ashore and
Land Troops.

COAST IS BLOCKADED

Ottoman Empire Continues Ef-
forts to Secure Intervention
of European Powers.

Paris, Sept. 30.—The Matin's Athens correspondent says the telegraph official at Vozitza, Greece, wires to the government that a naval battle has occurred off Prevesa.

Italian warships belonging to the Ionian squadron encountered a flotilla of Turkish destroyers cruising off the coast of Epirus.

The Italians promptly attacked the flotilla and two Turkish ships were damaged badly by shells. They have gone ashore in the Gulf of Arta.

London, Sept. 30.—A state of war exists between Italy and Turkey and hostilities have begun.

No sooner had the time limit fixed in the ultimatum expired than, ignoring Turkey's conciliatory request for a period of delay, Italy declared war. The Turkish representatives in Italy were handed their passports. The Turkish commander at Tripoli was asked to surrender the town, but declined, and the Italian forces immediately occupied Tripoli and Benghazi.

Apparently the Turks offered no resistance. But this is only an assumption, as immediately on landing the Italians seized the telegraph lines. From the hour of their landing no message of any kind, has been received from Tripoli and dispatches sent to that place remained unanswered.

New Turkish Cabinet Formed.

The Turkish cabinet, which had been for some time insecure, resigned as soon as war was declared and a new ministry was formed under Said Pasha, but the former able war minister, Mahmoud Shekfat Pasha, was retained.

While Turkey continues her efforts to obtain intervention by the powers Italy actively is pursuing hostilities. Italian battleships are reported to have appeared off Smyrna and Saloniki. An Italian cruiser landed troops at Prevesa, Epirus, after destroying a Turkish torpedo boat destroyer. The Turkish authorities are sending a battalion of troops to Prevesa. The Italian fleet has blockaded the whole Tripolitan coast.

According to Italian advices, the government plan is to land 40,000 men in Tripoli by Oct. 7. No bombardment will be attempted unless the property of Italians or other foreigners is endangered. It is understood that the Italian ministers have elaborated a scheme for the administration of Tripoli, with the Duke of the Abruzzi as the first governor, and that among the first acts will be the abolition of many taxes now imposed upon the Tripolitans.

Vienna reports that Italy has placed no less than seven army corps on a war footing and is mobilizing not only toward the south, but also in the north, reinforcing her army corps in Turin, Milan and Verona.

SINK THE FIRST TWO BARGES

When Italian Troops Started to Dis-
embark Turks Acted.

Constantinople, Sept. 30.—Turkey's war ministry, according to the reports current here, has received a dispatch from the late Turkish military attaché at Paris, who has assumed command of the forces at Tripoli, stating that the Italians had begun to disembark, but the Turks succeeded in sinking the first two barges.

It is rumored also that Italian forces have landed both at Tripoli and Benghazi.

The newspapers publish the statement that Italian battleships have appeared off Smyrna and Saloniki.

Turkish Transports to Sail.

London, Sept. 30.—A dispatch to the Daily Chronicle from Constantinople says four transports, loaded with ammunition, will start for Tripoli. Italian residents in Constantinople have received orders to close their schools and shops and many are leaving the city. The Banco Romana and the Italian quarters are guarded.

SUGAR PRICE CUT 70 CENTS

(Wash.) Jobbers Make Big
Reduction.

Tacoma, Wash., Sept. 30.—Acting without reference to the refineries at New York or San Francisco the Tacoma jobbers have reduced the price of all grades of sugar 70 cents a hundred pounds.

San Francisco, Sept. 30.—The largest shipment of foreign sugar ever received in California entered San Francisco bay. It was sent from the East Indies. The value of the shipment is \$1,000,000 duty paid. The tariff is \$300,000.

LORD STRATHCONA.

High Commissioner for Canada
in England Will Not Resign.

STRATHCONA NOT TO RETIRE

High Commissioner for Canada Arrives
on Business Trip.

New York, Sept. 30.—Lord Strathcona, aged ninety-one, high commissioner for Canada in England, arrived here from Europe on the steamer Mauretania. When asked about the rumor that he intended to abandon his post, he laughingly remarked: "Why, I am going right back on this very boat next Wednesday."

He said he was making a flying business trip to Montreal, and possibly to Ottawa. He would not discuss the recent election, except to say that "whatever the result, it was not intended as an unfriendly act toward this country, for there exists no such feeling in Canada."

CANNON EXPLODES;
THREE LIVES LOST

Accident Occurs at Sparta, Wis.,
Maneuver Camp.

Sparta, Wis., Sept. 30.—Corporal Rowland Beverly and Private Howard W. Gau of the Cleveland, O., state artillery company were killed instantly, one fatally injured and three members of the same company seriously, if not fatally injured by the bursting of a cannon while at target practice at the United States maneuver camp here.

Two of the wounded men were sent to Milwaukee and two are being treated at camp. One of the wounded men on the train died before it had proceeded twenty miles.

The piece burst out at one side about two feet from the muzzle, a piece tearing off the head of Corporal Beverly, while Private Gau's head was crushed, an arm broken and other injuries inflicted. Both were blown fifty feet by the explosion.

The United States artillery companies, which have been in camp here since July 1, are giving the state artillery from several states instructions in artillery maneuvers and target firing.

The Cleveland company had but three more shells to fire to complete its course before returning home.

The bodies were brought to this city and prepared for transportation to their homes, and will be taken on the train with the troops returning to Cleveland.

An examination of the breech block shows that it was properly closed and no one is able at present to account for the accident.

Fire on Tower Cay.

Duluth, Sept. 30.—Fire originating in some mysterious manner in gasoline spread out on the waters of the Tower bay slip in Superior did damage to the amount of \$25,000. Property worth millions was threatened and for an hour or more was in imminent danger.

Singing Wires.

Sometimes when a tempest is raging, telegraph wires are silent, while in time of calm they are sonorous. Evidently the vibration of the wires is not due to atmospheric agitation alone. A scientist of Berlin who studied the cause of the singing of wires in time of calm concludes that the vibration of the wires always presages the approach of bad weather. When the sounds are shrill or sharp the storm will come within a very few hours. It is difficult to determine the cause of the singing. An Italian scientist calls it "seismic agitation produced by barometric depression and transmitted to the wires by the telegraph poles."—Harper's Weekly.

CHICAGO ITALIANS EAGER

Are Willing to Return to Native Land
and Bear Arms.

Chicago, Sept. 30.—Chicago Italians received the news of hostilities with enthusiastic declarations for war. Hundreds of Italians called upon Guido Sabatini, Italian consul, during the day and offered to enlist and be sent back to their country. Informal mass meetings were held in the Italian quarter and singing of the Italian national hymn was heard on all sides.

"There are 100,000 Italians in Chicago and if necessary all the able-bodied men will go to Italy," said Oscar Durante, editor of L'Italia. "They have been coming to my office all day for information. They all say they are eager to return and fight."

RECIPROCITY IN
NEXT CAMPAIGN

Politicians Undecided About Ef-
fect of Failure.

CAUSE OF LAURIER'S DEFEAT

National Feeling He Built Up Had
Much to Do With Rejection of Uncle
Sam's Trade Offer—Church Influence
Was Also of Importance in Con-
trolling Votes.

By ARTHUR W. DUNN.

Washington, Sept. 30.—[Special.]—Politicians cannot yet decide what will be the effect of the campaign next year of the failure of Canadian reciprocity. About the only tangible thing which the people have been able to grasp is that the tariff must affect the high cost of living by reason of the increased price of foodstuffs since the agreement was rejected in Canada. This will mean a greater clamor than ever for a reduction of the tariff. Instead of taking up reductions with any one country it is now possible that reductions will be with the whole world. At least that will be the Democratic plan and will be attempted as soon as congress reconvenes in December.

Much Misinformation.

Comments on the action of the Canadian electorate show how much misinformation has been accumulated in this country upon the condition and feelings of the people of Canada. In the first place Sir Wilfrid Laurier has built up that very national feeling which came to the front and overthrew his government. I heard him say to a group of Americans and Canadians at Ottawa that "the nineteenth century was to the United States what the twentieth century would be to Canada" that Canada within itself was "to build up a great empire beside the United States and almost equal to the republic in grandeur." That idea has been inculcating for many years. There is a wonderful national spirit in Canada.

Church Influence.

Nearly everybody seems to have overlooked the church influence. Six weeks ago I pointed out in this correspondence that one of the most potent factors of opposition to the reciprocity agreement in Canada was the fear of Catholics of ultimate annexation. In Canada the Catholics have separate schools and share in the public school funds. They also have other concessions which would not be allowed in this country. They know that annexation to the United States would take away these privileges. This was a silent but very important factor in determining the result. Those who know the condition are aware that the annexation cry caused more church votes to be cast against reciprocity than any other reason.

Like Their Own Government.

After having visited nearly every portion of Canada from Montreal west, I came to the conclusion that Canadians like their form of government. Americans who had settled in the northwestern provinces told me that they preferred the Canadian form of government better than they did our form. The government responds quickly to the demand of the people. That is true in the provinces as in the general government. Most of the people are proud to be called citizens of the Great Britain. That is what the American immigrant calls himself at first, but gradually he is proud to say he is a British subject. The native Canadians and immigrants from other countries take pride in the latter title.

Two Stars For Clark.

Unless all signs fail Kentucky and Tennessee are lining up for Champ Clark for president. Senator Taylor would not have taken the pronounced and aggressive ground for the speaker if there had not been a sentiment to back him up. Congressman Stanley says that Kentucky will be for Clark, not only because he stands well before the people, but because Kentucky is proud of him as a native son.

High Prices Abroad.

Reports from consular officers in Europe and Asia show that the drought has been severe and crops have suffered. It means high prices abroad and consequently increased prices in this country, for prices of foodstuffs are very generally governed by the world's supply.

Santo Domingo Prosperous.

A great many people had misgivings about the altruistic move of this government in taking charge of the finances of Santo Domingo and general supervision of that government. The prosperity of the Dominican republic has been a shining example of what will happen in such countries when there are stable governments.

Confident in West Virginia.

Every Republican who comes to Washington from West Virginia talks with great confidence about the ability of the Republicans of that state to regain control in the coming election. West Virginia went from two Republican senators and five Republican congressmen to two Democratic senators and four Democratic congressmen as a result of the elections of 1910. The Republican politicians boast that they will regain the four lost districts and one senator. It will be five years before they have a chance at one of the senatorial seats.

Robbers Secure \$15,000.

Hamilton, Ont., Sept. 30.—The local offices of the Canadian Express company were robbed of \$15,000 in cash.

PETER S. GROSSCUP.

Federal Judge Says He Will
Send Resignation to Taft.

GROSSCUP SAYS HE WILL QUIT

Resignation to Taft Next Week.
Enemies' Attack Falls.

Chicago, Sept. 30.—Judge Peter S. Grosscup has issued a statement in which he said that he will send his resignation as presiding judge of the United States district court of appeals of this district to President Taft the first week in October. The judge said that his determination to carry out his previously announced plan to retire had been fixed by the failure of his enemies to make a threatened attack upon his judicial record.

STEEL PROBE TO
BE MADE WIDER

Chairman Stanley Will Extend
Inquiry to Railroads.

Washington, Sept. 30.—Reiterating the determination of the house investigating committee, of which he is the head, to proceed with its inquiry regarding the United States Steel corporation, Representative Stanley of Kentucky said that it is the intention of the committee to extend its inquiry regarding violations of the interstate commerce law.

"I am convinced that as a result of its investigation the people will very shortly see new activity on the part of the interstate commerce commission," he said.

Mr. Stanley said the Standard Oil company has obtained and maintained a monopoly by means of rebates, and that it would be found that the International Harvester company had been guilty in the same way.

POSTS SHIPPED BY EXPRESS

Rates in South Dakota Now Cheaper
Than Freight.

Pierre, S. D., Sept. 30.—Under the new express rates in this state it is cheaper to send packages and shipments generally anywhere within the boundaries of the state by express than by freight. This is especially true of shipments west of the Missouri river, where freight rates are higher.

For instance, the express rate per 100 pounds between Pierre and Rapid City is 55 cents under the present rate, while the freight rate between those two points is 75 cents per hundred. One day this week a large shipment of cedar posts from Rapid City to the eastern part of the state went through here by express, as they could be sent that way cheaper than by freight.

PREACHER TO BE WARDEN

Forced to Quit Ministry Because He
Helped in Campaign.

Milwaukee, Sept. 30.—The Rev. Daniel Woodward, the Omro, Wis., Methodist minister who was forced to quit the ministry because he went on the stump for Governor McGovern, when the latter was campaigning the state with an anti-county option plank in his platform, is to become the warden of the state prison.

He has been acting ever since the resignation of the warden several months ago. He was made a member of the state board of control at a salary of \$2,500 after Governor McGovern was elected. His salary at Omro was \$900.

Morgan Visits Capital.

Washington, Sept. 30.—J. Pierpont Morgan, the New York financier, spent a day here with his son-in-law, former Assistant Secretary of the Navy Herbert L. Satterlee. Mr. Morgan said that his visit had no relation to the trust questions before the department of justice or to any other governmental matters.

May Ask Protection.

Constantinople, Sept. 30.—The question of the protection of Italian subjects in Turkey is engaging the attention of the Italian authorities. It is thought that a request will be made to Germany to undertake the protection of the Italian subjects. The national emblems have been removed from the embassy, the consulate, the postoffice and schools, with a view to preventing outbreaks.

HEARST ENDORSES SPEAKER

Publisher Favors Champ Clark for
Democratic Nomination.

New York, Sept. 30.—William Randolph Hearst, who has returned from Europe, has endorsed Champ Clark for the Democratic presidential nomination. Mr. Hearst issued the following statement:

"I consider Champ Clark an able and representative Democrat and a powerful and sincere advocate of the Democratic principles that I have long supported. I have always been a Democrat when the Democratic party declared for Democratic principles and nominated genuine Democrats as candidates."

"I am disposed to support Mr. Clark for president."

"How about your own possible candidacy?" Hearst was asked.

"I have said that I favor Champ Clark's nomination," he replied, "cannot be for Clark and for myself well."

BRYAN MAY WELCOME TAFT

Trying to Arrange Dates to Meet
President at Lincoln, Neb.

Lincoln, Neb., Sept. 30.—William J. Bryan may extend a welcome to William H. Taft when the president arrives in Lincoln next Monday. The thrice defeated candidate for the presidency is in the city now and is endeavoring to arrange his speaking dates so that he can take part in the entertainment to be extended the president.

Nearly all, if not all, the representatives of this state in congress will be here.

ITALIANS WIN FIRST CONFLICT

Drive Two Turkish Torpedo Boat Destroyers Ashore and Land Troops.

COAST IS BLOCKADED

Ottoman Empire Continues Efforts to Secure Intervention of European Powers.

Paris, Sept. 30.—The Matin's Athens correspondent says the telegraph official at Vozitza, Greece, wires to the government that a naval battle has occurred off Prevesa.

Italian warships belonging to the Ionian squadron encountered a flotilla of Turkish destroyers cruising off the coast of Epirus.

The Italians promptly attacked the flotilla and two Turkish ships were damaged badly by shells. They have gone ashore in the Gulf of Arta.

London, Sept. 30.—A state of war exists between Italy and Turkey and hostilities have begun.

No sooner had the time limit fixed in the ultimatum expired than, ignoring Turkey's conciliatory request for a period of delay, Italy declared war. The Turkish representatives in Italy were handed their passports. The Turkish commander at Tripoli was asked to surrender the town, but declined, and the Italian forces immediately occupied Tripoli and Benghazi.

Apparently the Turks offered no resistance. But this is only an assumption, as immediately on landing the Italians seized the telegraph lines. From the hour of their landing no message of any kind has been received from Tripoli and dispatches sent to that place remained unanswered.

New Turkish Cabinet Formed.

The Turkish cabinet, which had been for some time insecure, resigned as soon as war was declared and a new ministry was formed under Said Pasha, but the former able war minister, Mahmoud Shekiet Pasha, was retained.

While Turkey continues her efforts to obtain intervention by the powers Italy actively is pursuing hostilities. Italian battleships are reported to have appeared off Smyrna and Saloniki. An Italian cruiser landed troops at Prevesa, Epirus, after destroying a Turkish torpedo boat destroyer. The Turkish authorities are sending a battalion of troops to Prevesa. The Italian fleet has blockaded the whole Tripolitan coast.

According to Italian advices, the government plan is to land 40,000 men in Tripoli by Oct. 7. No bombardment will be attempted unless the property of Italians or other foreigners is endangered. It is understood that the Italian ministers have elaborated a scheme for the administration of Tripoli, with the Duke of the Abruzzi as the first governor, and that among the first acts will be the abolition of many taxes now imposed upon the Tripolitans.

Vienna reports that Italy has placed no less than seven army corps on a war footing and is mobilizing not only toward the south, but also in the north, reinforcing her army corps in Turin, Milan and Verona.

SINK THE FIRST TWO BARGES

When Italian Troops Started to Disembark Turks Attacked.

Constantinople, Sept. 30.—Turkey's war ministry, according to the reports current here, has received a dispatch from the late Turkish military attaché at Paris, who has assumed command of the forces at Tripoli, stating that the Italians had begun to disembark, but the Turks succeeded in sinking the first two barges.

It is rumored also that Italian forces have landed both at Tripoli and Benghazi.

The newspapers publish the statement that Italian battleships have appeared off Smyrna and Saloniki.

Turkish Transports to Sail.

London, Sept. 30.—A dispatch to the Daily Chronicle from Constantinople says four transports, loaded with ammunition, will start for Tripoli. Italian residents in Constantinople have received orders to close their schools and shops and many are leaving the city. The Banco Romana and the Italian quarters are guarded.

SUGAR PRICE CUT 70 CENTS

(Wash.) Jobbers Make Big Reduction.

Tacoma, Wash., Sept. 30.—Acting without reference to the refineries at New York or San Francisco the Tacoma jobbers have reduced the price of all grades of sugar 70 cents a hundred pounds.

San Francisco, Sept. 30.—The largest shipment of foreign sugar ever received in California entered San Francisco bay. It was sent from the East Indies. The value of the shipment is \$1,000,000 duty paid. The tariff is \$300,000.

IOWANS CHEER TAFT'S SPEECH

Promises to Urge Cut in Woolen and Cotton Schedules.

EXPLAINS REASONS FOR IT

President Says It Is No Pleasure Jaunt, But the Result of a Desire to Get in Touch With the People and Explain Certain Acts in His Administration—Is Content to Abide by Decision of the People, He Says.

Ottumwa, Ia., Sept. 30.—President Taft ended his two days' tour of Iowa here as he began it—with a speech on the tariff. To an audience which filled a large tent and gave him close attention the president informally stated anew his position with reference to the tariff bills he vetoed.

Mr. Taft made no bid for applause, no attempt at oratory. He took the audience into his confidence and stated his case with scarcely a pause.

The crowd was not demonstrative. He cheered the president when he began and again when he finished. There was occasional applause in between, the most spontaneous and prolonged occurring when Mr. Taft exclaimed:

"I am no free trader; I am a protectionist, pledged to the policy of a protective tariff based on the difference in the cost of production in this country and the cost of production abroad."

Will Recommend Reductions.

The president again was applauded when he declared that he was going to recommend reductions in the woolen and cotton schedules as soon as the tariff board reported on those schedules in December. He denounced the present wool schedule as indefensibly high, but declared that the woolen bill which he vetoed was drawn without regard to the effect it would have on the industry in this country.

The farmers' free list bill, Mr. Taft said, was intended as a compensation to the farmer for whatever damage he might suffer from Canadian reciprocity. He asserted that reciprocity would not have hurt the farmer anyway, but its defeat in Canada wiped out the last reason for so slipshod a measure.

The detailed explanations given of the various bills were listened to with the greatest apparent interest. The president apologized several times for the dryness of his discussion, but he held his audience to the end.

The tariff talk was prefaced by a little explanation of his trip. Mr. Taft said he did not believe that a president of the United States had a right to make partisan speeches or to attack any one. He declared he was taking advantage of an opportunity to get in touch with the people to explain in person some of the acts of his administration, to render an account of his stewardship.

"I want you to judge me by what I have done," he concluded, "to take into consideration the circumstances that surrounded me and the responsibilities that rested upon me, and to act as you deem best. I am content to abide by your decision."

Cummins Receives Taft.

Mr. Taft began the day at Des Moines, where he made an address upon peace and the pending arbitration treaties. Senator Cummins, one of the leaders of the progressive wing of the party, was on the reception committee at Des Moines and made his only appearance with the president there.

On the way to Ottumwa the president spoke at Pleasantville, Knoxville, Albia and several smaller places. He left here for Sedalia, Mo., to speak at the state fair there.

At Albia the president spoke of the various reforms recently inaugurated by the postoffice department and the wiping out of the \$17,000,000 deficit in the postal establishment.

"The result," he said, "indicates the efficiency of the postmaster general, Mr. Hitchcock, and indicates the further fact that they are doing business in the postoffice department, and are not engaged in play."

Governor Carroll accompanied the president to the state line. Mr. Taft thanked him heartily for his courtesy.

CHICAGO ITALIANS EAGER

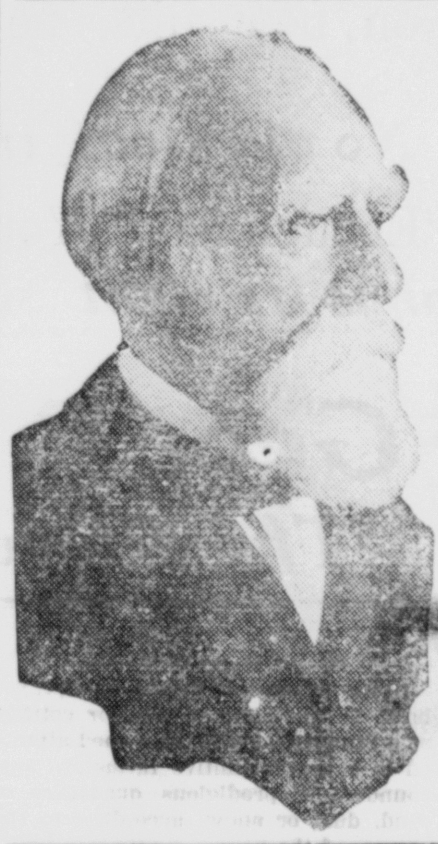

Are Willing to Return to Native Land and Bear Arms.

Chicago, Sept. 30.—Chicago Italians received the news of hostilities with enthusiastic declarations for war. Hundreds of Italians called upon Guido Sabetta, Italian consul, during the day and offered to enlist and be sent back to their country. Informal mass meetings were held in the Italian quarter and singing of the Italian national hymn was heard on all sides.

"There are 100,000 Italians in Chicago and if necessary all the able-bodied men will go to Italy," said Oscar Durante, editor of L'Italia. "They have been coming to my office all day for information. They all say they are eager to return and fight."

LORD STRATHCONA.

High Commissioner for Canada in England Will Not Resign.

STRATHCONA NOT TO RETIRE

High Commissioner for Canada Arrives on Business Trip.

New York, Sept. 30.—Lord Strathcona, aged ninety-one, high commissioner for Canada in England, arrived here from Europe on the steamer Mauretania. When asked about the rumor that he intended to abandon his post, he laughingly remarked:

"Why, I am going right back on this very boat next Wednesday."

He said he was making a flying business trip to Montreal, and possibly to Ottawa. He would not discuss the recent election, except to say that "whatever the result, it was not intended as an unfriendly act toward this country, for there exists no such feeling in Canada."

CANNON EXPLODES; THREE LIVES LOST

Accident Occurs at Sparta, Wis.; Maneuver Camp.

Sparta, Wis., Sept. 30.—Corporal Rowland Beverly and Private Howard W. Gau of the Cleveland, O., state artillery company were killed instantly, one fatally injured and three members of the same company seriously, if not fatally injured by the bursting of a cannon while at target practice at the United States maneuver camp here.

Two of the wounded men were sent to Milwaukee and two are being treated at camp. One of the wounded men on the train died before it had proceeded twenty miles.

The piece burst out at one side about two feet from the muzzle, a piece tearing off the head of Corporal Beverly, while Private Gau's head was crushed, an arm broken and other injuries inflicted. Both were blown fifty feet by the explosion.

The United States artillery companies, which have been in camp here since July 1, are giving the state artillery from several states instructions in artillery maneuvers and target firing.

The Cleveland company had but three more shells to fire to complete its course before returning home.

The bodies were brought to this city and prepared for transportation to their homes, and will be taken on the train with the troops returning to Cleveland.

An examination of the breech block shows that it was properly closed and no one is able at present to account for the accident.

Fire on Tower Cay.

Duluth, Sept. 30.—Fire originating in some mysterious manner in gasoline spread out on the waters of the Tower bay slip in Superior did damage to the amount of \$25,000. Property worth millions was threatened and for an hour or more was in imminent danger.

Singing Wires.

Sometimes when a tempest is raging, telegraph wires are silent, while in time of calm they are sonorous. Evidently the vibration of the wires is not due to atmospheric agitation alone. A scientist of Berlin who studied the cause of the singing of wires in time of calm concludes that the vibration of the wires always presages the approach of bad weather. When the sounds are deep the change of weather may be looked for within two days. When they are shrill or sharp the storm will come within a very few hours. It is difficult to determine the cause of the singing. An Italian scientist calls it "seismic agitation produced by barometric depression and transmitted to the wires by the telegraph poles."—Harper's Weekly.

New Russian Ambassador.

St. Petersburg, Sept. 30.—The appointment of George Bakmetiev as Russian ambassador to the United States to succeed Baron Rosen has been gazetted.

RECIPROCITY IN NEXT CAMPAIGN

Politicians Undecided About Effect of Failure.

CAUSE OF LAURIER'S DEFEAT

National Feeling He Built Up Had Much to Do With Rejection of Uncle Sam's Trade Offer—Church Influence Was Also of Importance in Controlling Votes.

By ARTHUR W. DUNN.

Washington, Sept. 30.—[Special.]—Politicians cannot yet decide what will be the effect of the campaign next year of the failure of Canadian reciprocity. About the only tangible thing which the people have been able to grasp is that the tariff must affect the high cost of living by reason of the increased price of foodstuffs since the agreement was rejected in Canada. This will mean a greater clamor than ever for a reduction of the tariff. Instead of taking up reductions with any one country it is now possible that reductions will be with the whole world. At least that will be the Democratic plan and will be attempted as soon as congress reconvenes in December.

Much Misinformation.

Comments on the action of the Canadian electorate show how much misinformation has been accumulated in this country upon the condition and feelings of the people of Canada. In the first place Sir Wilfrid Laurier has built up that very national feeling which came to the front and overthrew his government. I heard him say to a group of Americans and Canadians at Ottawa that "the nineteenth century was to the United States what the twentieth century would be to Canada" that Canada within itself was "to build up a great empire beside the United States and almost equal to the republic in grandeur." That idea has been inculcating for many years. There is a wonderful national spirit in Canada.

Church Influence.

Nearly everybody seems to have overlooked the church influence. Six weeks ago I pointed out in this correspondence that one of the most potent factors of opposition to the reciprocity agreement in Canada was the fear of Catholics of ultimate annexation. In Canada the Catholics have separate schools and share in the public school funds. They also have other concessions which would not be allowed in this country. They know that annexation to the United States would take away these privileges. This was a silent but very important factor in determining the result. Those who know the condition are aware that the annexation cry caused more church votes to be cast against reciprocity than any other reason.

Like Their Own Government.

After having visited nearly every portion of Canada from Montreal west, I came to the conclusion that Canadians like their form of government. Americans who had settled in the northwestern provinces told me that they preferred the Canadian form of government better than they did our form. The government responds quickly to the demand of the people. That is true in the provinces as in the general government. Most of the people are proud to be called citizens of the Great Britain. That is what the American immigrant calls himself at first, but gradually he is proud to say he is a British subject. The native Canadians and immigrants from other countries take pride in the latter title.

Two States For Clark.

Unless all signs fail Kentucky and Tennessee are lining up for Champ Clark for president. Senator Taylor would not have taken the pronounced and aggressive ground for the speaker if there had not been a sentiment to back him up. Congressman Stanley says that Kentucky will be for Clark, not only because he stands well before the people, but because Kentucky is proud of him as a native son.

High Prices Abroad.

Reports from consular officers in Europe and Asia show that the drought has been severe and crops have suffered. It means high prices abroad and consequently increased prices in this country, for prices of foodstuffs are very generally governed by the world's supply.

Santo Domingo Prosperous.

A great many people had misgivings about the altruistic move of this government in taking charge of the finances of Santo Domingo and general supervision of that government. The prosperity of the Dominican republic has been a shining example of what will happen in such countries when there are stable governments.

Confident In West Virginia.

Every Republican who comes to Washington from West Virginia talks with great confidence about the ability of the Republicans of that state to regain control in the coming election. West Virginia went from two Republican senators and five Republican congressmen to two Democratic senators and four Democratic congressmen as a result of the elections of 1910. The Republican politicians boast that they will regain the four lost districts and one senator. It will be five years before they have a chance at one of the senatorial seats.

Robbers Secure \$15,000.

Hamilton, Ont., Sept. 30.—The local offices of the Canadian Express company were robbed of \$15,000 in cash.

PETER S. GROSSCUP.

Federal Judge Says He Will Send Resignation to Taft.

GROSSCUP SAYS HE WILL QUIT

Resignation to Taft Next Week. Enemies' Attack Fails.

Chicago, Sept. 30.—Judge Peter S. Grosscup has issued a statement in which he said that he will send his resignation as presiding judge of the United States district court of appeals of this district to President Taft the first week in October. The judge said that his determination to carry out his previously announced plan to retire had been fixed by the failure of his enemies to make a threatened attack upon his judicial record.

STEEL PROBE TO BE MADE WIDER

Chairman Stanley Will Extend Inquiry to Railroads.

Washington, Sept. 30.—Reluctating the determination of the house investigating committee, of which he is the head, to proceed with its inquiry regarding the United States Steel corporation, Representative Stanley of Kentucky said that it is the intention of the committee to extend its inquiry regarding violations of the interstate commerce law.

"I am convinced that as a result of its investigation the people will very shortly see new activity on the part of the interstate commerce commission," he said.

Mr. Stanley said the Standard Oil company has obtained and maintained a monopoly by means of rebates, and that it would be found that the International Harvester company had been guilty in the same way.

POSTS SHIPPED BY EXPRESS

Rates in South Dakota Now Cheaper Than Freight.

Pierre, S. D., Sept. 30.—Under the new express rates in this state it is cheaper to send packages and shipments generally anywhere within the boundaries of the state by express than by freight. This is especially true of shipments west of the Missouri river, where freight rates are higher. For instance, the express rate per 100 pounds between Pierre and Rapid City is 55 cents under the present rate, while the freight rate between those two points is 78 cents per hundred. One day this week a large shipment of cedar posts from Rapid City to the eastern part of the state went through here by express, as they could be sent that way cheaper than by freight.

PREACHER TO BE WARDEN

Forced to Quit Ministry Because He Helped in Campaign.

Milwaukee, Sept. 30.—The Rev. Daniel Woodward, the Omro, Wis., Methodist minister who was forced to quit the ministry because he went on the stump for Governor McGovern, when the latter was campaigning the state with an anti-county option plank in his platform, is to become the warden of the state prison.

He has been acting ever since the resignation of the warden several months ago. He was made a member of the state board of control at a salary of \$2,500 after Governor McGovern was elected. His salary at Omro was \$900.

Morgan Visits Capital.

Washington, Sept. 30.—J. Pierpont Morgan, the New York financier, spent a day here with his son-in-law, former Assistant Secretary of the Navy Herbert L. Satterlee. Mr. Morgan said that his visit had no relation to the trust questions before the department of justice or to any other governmental matters.

May Ask Protection.

Constantinople, Sept. 30.—The question of the protection of Italian subjects in Turkey is engaging the attention of the Italian authorities. It is thought that a request will be made to Germany to undertake the protection of the Italian esecutheons. The national emblems have been removed from the embassy, the consulate, the postoffice and schools, with a view to preventing outbreaks.

HEARST ENDORSES SPEAKER

Publisher Favors Champ Clark for Democratic Nomination.

New York, Sept. 30.—William Randolph Hearst, who has returned from Europe, has endorsed Champ Clark for the Democratic presidential nomination. Mr. Hearst issued the following statement:

"I consider Champ Clark an able and representative Democrat and a powerful and sincere advocate of the Democratic principles that I have long supported. I have always been a Democrat when the Democratic party declared for Democratic principles and nominated genuine Democrats as candidates."

"I am disposed to support Mr. Clark for president."

"How about your own possible candidacy?" Hearst was asked.

"I have said that I favor Champ Clark's nomination," he replied. "I cannot be for Clark and for myself well."

BRYAN MAY WELCOME TAFT

Trying to Arrange Dates to Meet President at Lincoln, Neb.

Lincoln, Neb., Sept. 30.—William J. Bryan may extend a welcome to William H. Taft when the president arrives in Lincoln next Monday. The thrice defeated candidate for the presidency is in the city now and is endeavoring to arrange his speaking dates so that he can take part in the entertainment to be extended the president.

Nearly all, if not all, the representatives of this state in congress will be here.

ITALIANS SEIZE TURKISH TRANSPORT

Special to Dispatch:—

Rome, Italy, Sept. 30—The Italian squadron off the coast of Tripoli has seized the Turkish transport, "Derna," which arrived off the port bringing the new Turkish governor of the province, ammunitions of war for the garrison there and reinforcements of troops.

The Turks offered no resistance when the vessel was seized.

Not a Word of Scandal

marred the call of a neighbor on Mrs. W. P. Spangh, of Manville, Wyo., who said: "She told me Dr. King's New Life Pills had cured her of obstinate kidney trouble, and made her feel like a new woman." Easy, but sure remedy for stomach, liver and kidney troubles. Only 25c at all druggists.

Special Notice

The Sunday evening and Thursday evening services will commence at 7:30, instead of 8:00, commencing this Sunday.

It G. PHIL SHERIDAN, Pastor.

A Sticking Business.

"Well, Mrs. Smith, and how's your husband?" "Oh, he's doing well, thank you, mum. He's got a job at the glue factory now."

"Ah, well, I hope he'll stick there!" —London Mail.

CASCARETS WORK WHILE YOU SLEEP

Salts, Calomel and Cathartic Pills are Violent—They Act on Bowels as Pepper Acts in Nostrils

Take a Cascaret tonight and thoroughly cleanse your liver, stomach and bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach or have backache and fell all worn out.

Are you keeping clean inside with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the decomposed waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10 cent box from your druggist means a clear head and cheerfulness for months. Don't forget the children.

Green Almonds.

Pistachio nuts, or "green almonds," came originally from Syria. The first California crop was gathered in 1887.

A Dreadful Sight

to H. J. Barnum, of Freeville, N. Y., was the fever sore that had plagued his life for years in spite of many remedies he tried. At last he used Bucklin's Arnica Salve and wrote:

"It has entirely healed with scarcely a scar left." Heals burns, boils, eczema, cuts, bruises, swellings, corns and Piles like magic. Only 25c at all druggists. tfs

Prayer Halls in Russia.

In the villages of Russia the "prayer hall" is the common izba or cottage of a Stundist moujik, or a shed attached to a very primitive farmstead surrounded by prodigious quantities of mud, dust or snow, according to the season of the year. A separate building erected expressly for worship among the rural evangelicals of Russia is a luxury yet to be provided in the great majority of cases. The meeting place, whether izba or outhouse, has walls of earth. It is without ceiling. The floor is the bare earth, trodden hard by many feet through the lapse of long years and worn into lumps and hollows. The walls are time washed and destitute of decoration or adornment. There are rough wooden benches around and across the room. The place is usually packed to suffocation with men, women and children crowded on the seats, thronging the doorways and huddling together on the top of the huge stove.—Sunday at Home.

Forced to Leave Home

Every year a large number of poor sufferers, whose lungs are sore and racked with coughs, are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., "when all else failed and I gained 47 pounds in weight. Its surely the king of all cough and lung cures." Thousands owe their lives and health to it. It's positively guaranteed for coughs, colds, lagrippe, asthma, croup—all throat and lung troubles. 50c and \$1.00 Trial bottle free at all druggists.

THE DIFFERENCE

You don't notice the difference in shoes so much when they are new—in other words poor leather, and cheap made shoes don't start to show until they have been worn awhile, and then you see that they are made to sell and not to fit the feet and wear. The shoes we sell are made of good leather, and besides they are made to fit the feet which means that they will not only wear long, but will look well all the time.

getter guns at King's. 67tf

Albert Angel has taken the agency
of the Dan Patch and Hupmobile ac-
tivities. The Dan Patch car is an
auto of medium weight while the
Hupmobile is a light machine suitable
for ladies and business men for use
within a city.

Bye & Peterson have presented to
the Y. M. C. A. a handsome rocking
chair of Mission style similar in de-
sign to the one given the association
by the Presbyterian Sunday school
class. The association is very grate-
ful to the firm for its kindness and
generosity.

Don't worry, we will show you our
shoes whether you buy or not as it is
our aim to please you. The All Leather
Shoe Store. 98tf

William Dougherty, while at the
county fair danced last night, became
so enthusiastic while waiting to the
music of the orchestra supplemented
by a big "bull" fiddle, that he
sprained his ankle and will not be
able to enter any two steps for some
time to come.

Congressman C. A. Lindbergh who
addressed the assemblers at the Crow
Wing county fair on Thursday after-
noon at Pequot, left in the evening
for Park Rapids, Hubbard county,
where he spoke Friday evening. He
passed through Brainerd today on
his way home to Little Falls.

If you want to rent a gun at King's
you must sign up before Saturday
night to get the pick of the guns. 87tf

G. G. Hartley, the prominent min-
ing man and capitalist of Duluth,
arrived in Brainerd last evening from
Aitkin where he was in attendance
at the good roads meeting. He met
P. W. Donovan this morning and is
also said to have inspected the mining
country in the vicinity of Brainerd.

The O'Brien Mercantile Co. has
made many improvements in its store
and it is concrete evidence of the de-
sire of this establishment to please
its many customers. A balcony at
the rear of the dry goods department
is now devoted to ladies suits, cloaks
and other garments. In the meat

THE DIFFERENCE

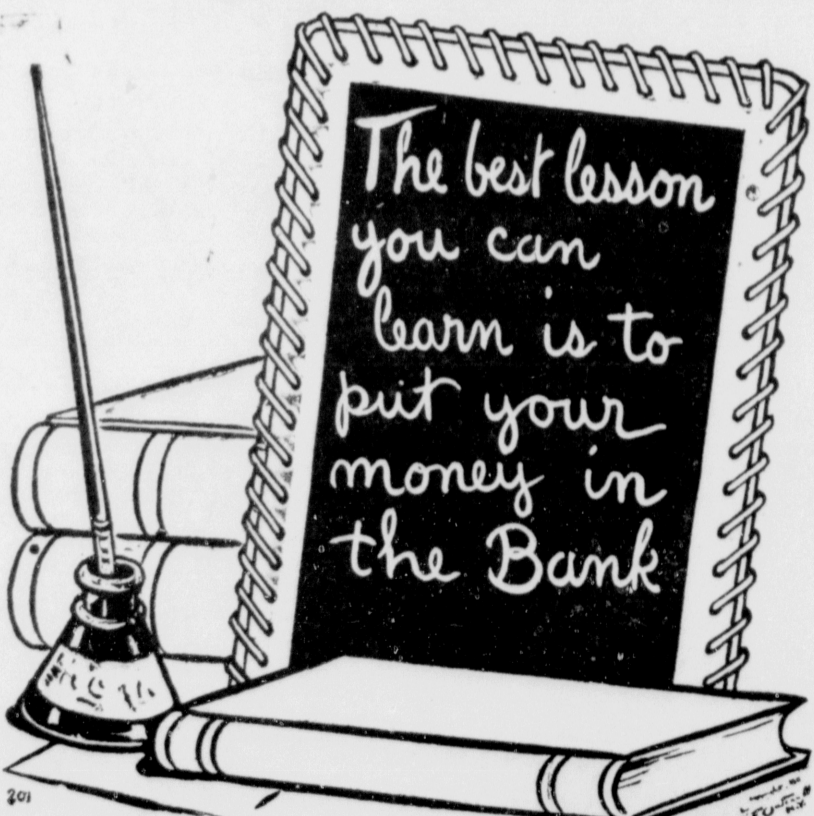

You don't notice the difference in shoes so much
when they are new—in other words poor leather
and cheap made shoes don't start to show until they
have been worn awhile, and then you see that they
are made to sell and not to fit the feet and wear.
The shoes we sell are made of good leather, and be-
sides they are made to fit the feet which means that
they will not only wear long, but will look well all
the time.

One Hundred Thousand Dollars

Our Fire Sale Still Continues---Have You Benefitted?

The fire in our store was a most unfortunate circumstances for us of out of which you may reap a big benefit. Some things in the store were a total loss, others were but slightly damaged and by far the largest quantity was untouched by flames, water or damaged by smoke. However, there is much which shows no damage or soiling but which was in the smoke for a very short time and which we are replacing with other goods. These goods ARE NOW GOING AT A BIG REDUCTION, regular fire sale prices, and you will exhibit wisdom by securing a large share of them. Come in, look them over—save yourself money.

“MICHAEL’S” --- See the big Ribbon Bargains in the windows tonight --- “MICHAEL’S”

GOVERNOR GRACED MASONIC PROGRAM

Gov. Eberhart Voiced His Pleasure at Being There and Praised The Masons and City

SHOWED PROGRESSIVE SPIRIT

Masonic Quartette Took the Audience by Storm—Program Was Very Interesting

“I am happy to be with you,” said Governor Eberhart, as he faced the large audience of Masons and their wives and the ladies of the Eastern Star at the great gathering in the new quarters of the Masonic orders in the Iron Exchange building last evening. And the people were happy to see the governor and proud of the fact that he had graced by his presence the formal opening of these rooms.

“I have spent part of the afternoon viewing your farming country and am certainly charmed with its beautiful appearance and the evidence of productivity on all sides. I visited your schools and in the assembly room of the high school met some of your school children. They impressed me with their brightness and neatness.

“I would suggest that this city devote all means in its power to institute public playgrounds. Now is the time to provide for this feature of civic improvement. Chicago, which only recently commenced to be an exponent of this movement, has larger and better playgrounds than any city in this country or in the old world.

“Your city is progressive and public spirited and no where is this more exemplified than in the beautiful and modern building housing your Masonic quarters and in the luxurious and well appointed rooms of your order. I visited the postoffice and this structure appealed to me as being everything that is convenient, modern and up to date. Everywhere one sees evidence of the progressive, alert and optimistic spirit of your city.”

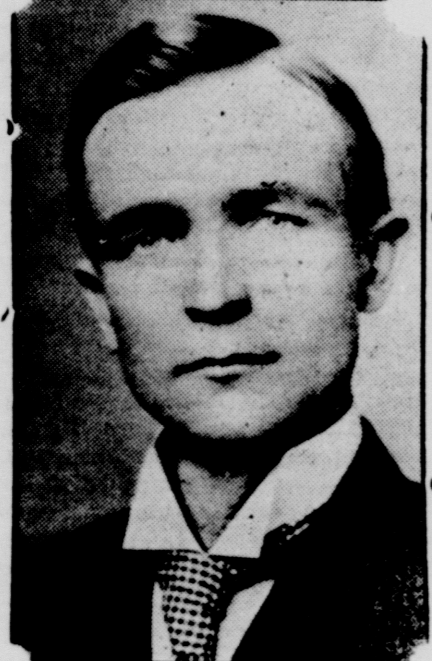

The speech of the governor certainly showed that he had formed a good opinion of this city and its environments. And it was based on actual observation for in the afternoon he was taken out to the country by automobile and visited “Twin Oaks,” the charming country seat of J. C. Barber. On this tour places of interest were pointed out to him and he studied the farms, the people and the roads as he was whirled along.

Then he visited the high school and in the assembly room he met a large number of pupils and delivered a happy address. He examined the building and its many conveniences

and was impressed with the endeavors the school board was making to take advantage of all modern improvements to provide the best there was for the city's children.

At eight o'clock in the evening the invited guests gathered at the Masonic rooms and from that time until the opening of the program at 8:30 the period was devoted to viewing the rooms, their decorations and appointments.

W. H. Gemmell was the master of ceremonies and proved a capable presiding officer. The first number on

GOVERNOR A. O. EBERHART

the program was a song by the Masonic male quartette of Minneapolis. They were in admirable voice and gave as their first selection, “Night Witchery.” They took the audience by storm and so vociferous was the applause that they responded with an encore, “Lucky Jim.”

Edward Crust was the first speaker and he delivered appropriate remarks as he described the work of the hall committee and then formally presented to the various Masonic organizations the keys to their quarters.

Grand Master E. A. Kling was absent and found it impossible to come as he was engaged in the prosecution of a legal case at his home.

Alvin Davies, of the Masonic quartette, sang a solo entitled, “Thine” and as an encore gave “Thou Art so Like a Flower.”

Sen. C. D. Johnson was introduced by Mr. Gemmell as being a man who always has something to say but no one knew in advance what it was going to be. Col. Johnson made one of his characteristic witty addresses.

The Masonic quartette sang “Friendship” and gave as a second number, “Who Are You With Tonight?”

Mrs. C. L. Burnett gave a reading “Mrs. Bride Would be a Mason” and was heartily applauded.

In a charming manner Miss Louise

Beare and Miss Nell Fie Alderman rendered the piano duett entitled, “Au Theatre Guignol,” “Visite chez Pierrot,” by Marius Carman and as an encore gave a beautiful rendition of the Spanish Dances No. 5 “Bolero” by Moszkowski.

Governor Eberhart was then appropriately introduced and delivered the address of the evening.

The Masonic quartette sang “The Waltz” and responded with an encore entitled “Washington.”

This closed the program and after that Graham's orchestra discoursed sweet music, playing at intervals as they had at the opening of the evening's entertainment. The orchestra had rehearsed diligently for this gala occasion and played many new numbers recently added to their repertoire. Under Director Graham's leadership the orchestra plays with dash and brilliance which characterizes it as one of the best musical organizations of the city. The Masonic quartette also sang at different times.

Light refreshments were served by Nicholas Lauer, of the Iron Exchange hotel. At the formal reception the governor met all the people, shook hands with them and had a pleasant word for each. The evening proved to be a brilliant social affair and will long be remembered as one of the great events in Masonic circles.

MAN BEHEADED ON M. & I. RY.

Special by Phone to Dispatch:—
Funkley, Minn., Sept. 30—As the morning passenger steamed into Funkley early Friday morning the engineer was horrified to see the trunk of a man between the rails ten feet ahead of his engine.

The head was found dismembered from the body and lying on the other side of the rails. A foot had also been cut off.

As near as can be learned the man, whose name is Peter McGee, must have been struck by a logging train some time during the night as he was walking on the tracks. The body appeared to have been dragged a distance of 60 feet. McGee was a lumber jack about 30 years of age.

MUCH DOING AT AITKIN FRIDAY

Good Roads Committee Attracts a Large Attendance of Prominent Men

DULUTH WAS REPRESENTED

Crosby, Brainerd, Ironton, Deerwood, Carlton, Moose Lake and Other Delegations There

The good roads meeting of the committee of the Northern Minnesota Development association at Aitkin on Friday will go down in history as one of the most exciting meetings ever held in the matter of planning the Moorhead-Duluth road.

Duluth sent some of its most prominent members of the Duluth Commercial club headed by G. G. Hartley, J. T. Elwell, the father of the Elwell road law, was there to tell the delegates what the law was intended to cover.

Brainerd's delegation was headed by Attorney C. A. Allbright. Deerwood awoke to the situation and sent 20 enthusiastic road men, supplied with badges and banners, who were bound to get the road through Deerwood if they had to fight and use the last drop of blood to do it.

Crosby's representatives included Geo. H. Crosby, the founder of Crosby and his brother, M. F. Crosby, the mayor of Crosby and the head of the school board.

Very early in the session it was resolved to let the delegates of each county get together and agree on the route through their own county. M. T. Dunn, of this city was made chairman of the Crow Wing county section and Judge J. T. Hale, of Deerwood was made secretary. Geo. H. Crosby made a vigorous plea to have the road run through Crosby and said he would build part of it and put cement sidewalks on both sides of it for a mile. Olson Skau spoke for Deerwood and when rambling from the subject was brought back to the original question and then sat down.

While Crow Wing county battled with its section of the road some wanted to run from Deerwood to section 21 at Rabbit lake and three other separate routes, the other counties threshed out the matter too.

G. G. Hartley, who was in the city today, when asked about the final route said: “It will run from Brainerd to Deerwood to Carlton and along the Carlton road to Duluth.”

The delegates were well treated at Aitkin. They were given a good supper. Con O'Brien said Brainerd should have had more men on hand.

FOLEY KIDNEY PILLS
FOR BACKACHE KIDNEYS AND BLADDER

CHANGE OF POLICY

The Grand Theatre Will Discontinue Vaudeville From its Programs in the Future

Owing to an unfortunate experience with a recent act, the management of the Grand announces the discontinuance of vaudeville. The patrons of the house will now have an opportunity to decide whether they prefer clean, high class pictures to the combination of vaudeville and pictures that has heretofore been the rule.

Mr. Al. Mraz will be retained as soloist while an orchestra under the direction of Miss Hazel Treglawny will furnish a musical program unexcelled in any theatre in the state. The prices will be lowered to 5 and 10 cents.

The experiment will be given a fair trial and the management respectfully requests suggestions and expressions of opinions from its patrons to the end that the Grand may steadily improve the character of its entertainments. 1t

“BILLY” SMITH IS BURIED

Poor Unfortunate Who Hung Himself in the City Jail is Laid to Rest This Morning

SHORT SERVICES AT GRAVE

Rev. G. P. Sheridan, Coroner D. E. Whitney and Capt. Hurley Escorted the Remains

At ten o'clock this morning in a dreary, drizzling rain with the sky overcast by gray, fleeting clouds, the remains of poor “Billy” Smith were escorted to Evergreen cemetery by Rev. G. P. Sheridan, pastor of the First Congregational church, Deputy Coroner D. E. Whitney and Capt. H. J. Hurley.

The body had been decently dressed and a suitable coffin provided. Rev. Sheridan uttered a prayer to God to take to his care the man whom few knew and who in a moment of blind desperation had taken his leather belt and hung himself by the neck from the jail grating.

Somewhere there is a mother of “Billy” Smith who is looking for her boy to come home. He may have roved over all the country, had his ups and downs, and come to grief as many boys do, but “Billy's” mother is looking for him.

She may rest content with the thought, if she ever traces him up, that “Billy” received a decent burial, that a minister was in attendance and that he was not consigned to the earth without a prayer or thought.

POWERS ALARMED OVER SITUATION

Special to Dispatch:—

Berlin, Germany, Sept. 30—An agreement between Germany, Austria, England, France and Russia to intervene for the termination of the Turkish-Italian troubles seems almost momentarily imminent, according to a high official of the foreign office.

The powers are alarmed by the indications that instead of remaining a purely naval affair the difficulty may become a great continental struggle.

\$100 Reward \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. Cheney & Co., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

TO STUDY IN SWITZERLAND

Miss Blanquita Firth Will Take Two Years Course in Languages and Music

Miss Blanquita Firth, who recently graduated from St. Mary's college of Faribault, has gone to Switzerland where she will devote two years study to languages and music. Leaving Brainerd last Monday she expects to spend a short visit with friends in St. Paul and then to join a party of young ladies who are to make a tour of Europe.

This party will go to Boston and sail from that port. Miss Firth will be with her companions until they reach Genoa, Italy where a representative of the school she is to attend is to meet her. An ocean voyage or a long journey as now confronts her does not deter Miss Firth for she is an experienced traveler, having twice toured Europe, besides visiting much of North and South America.

HELPFUL WORDS

From a Brainerd Citizen

Is your back lame and painful? Does it ache especially after exertion? Is there a soreness in the kidney region? These symptoms indicate weak kidneys.

There is danger in delay. Weak kidneys fast get weaker. Give your trouble prompt attention.

Doan's Kidney Pills act quickly. They strengthen weak kidneys. Read this Brainerd testimony.

Mrs. W. F. Bourquin, 920 S. 7th St., Brainerd, Minn., says: "Doan's Kidney Pills, procured from H. P. Dunn's drug store, were used in our family about two years ago and they made a permanent cure of lumbago and kidney trouble. We publicly endorsed them at that time and since then have advised their use in cases of kidney complaint at every opportunity."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and give no other.

CUYUNA NORTHERN RAILWAY COMPANY

Route of the Railway as Described in its Articles of Incorporation Recently Filed

IT STARTS NEAR DEERWOOD

Runs in Northerly Direction to a Point on Mississippi River Near Big Rabbit Lake

The articles of incorporation of the Cuyuna Northern Railway company are on file in the register of deeds office, and an examination of them shows the route which the line will take.

Starting at a point at or near Deerwood on the line of the Northern Pacific railway it will extend in a northerly direction through Crow Wing county to a point on the Mississippi river in section 19-47-28.

Examining a map of that region a study of the same leads one to believe that the line would be following the most convenient route if it ran north of Deerwood and east of Serpent lake, thence between Cascade and Beach lakes, past Agate lake to the town of Cuyuna and the Kennedy mine and thence along the ridge of high ground on the south end of Big Rabbit lake to the narrows which would be bridged. From this point it is only about a mile to the bend in the Mississippi river.

Some believe that the railway may also tap the mine to be put in on section 30-46-28 lying about three miles south of Deerwood.

Capitalized at \$100,000, the corporation may commence doing business when 25 per cent of its stock is subscribed for. The highest indebtedness allowed is \$100,000.

Hair Stealers. It was unsafe for English children to walk out alone in 1595, lest they should be robbed of their hair for wig-makers.

Contentment is natural wealth. Luxury is artificial poverty.—Socrates.

Where to Worship

Christian Scientists: Services every Sunday at 11:00 a. m., Elks hall, Wednesday evening 8 o'clock. All are welcome. Sunday school at 12 m.

Swedish Mission church, Cor. Maple and Ninth street south: Morning service at 10:30 a. m.; evening service at 7:45 p. m., Sunday school noon. Mid-week service on Thursday evening at 7:45 p. m. Rev. C. W. Boquist, pastor.

Effect of Imagination

Many years ago a man condemned to death was told by the king that if he would occupy a bed in which a man had died from the plague, and survived the ordeal, his life would be spared. He agreed, but although no one had died in the bed, his experience so worked upon his imagination that he died. Better always be matter-of-fact, and don't let your imagination run away with you. Trust your actual taste, and it will always tell you that golden grain belt beers admit no superior. Order of Walter Bolton, Tel. 17934, Brainerd, Minn.

No Need To Stop Work

When your doctor orders you to stop work, it staggers you. "I can't you say. You know you are weak, run-down and failing in health, day by day, but you must work as long as you can stand. What you need is Electric Bitters to give tone, strength and vigor to your system, to prevent breakdown and build you up. Don't be weak, sickly or ailing when Electric Bitters will benefit you from the first dose. Thousands bless them for their glorious health and strength. Try them. Every bottle is guaranteed. Only 50c at all druggists. tss

EARLE INSTITUTE MINNEAPOLIS, MINN.

A BEAUTIFUL HOME

H. J. Kruse, Superintendent of Rogers, Brown Ore Co., Completes Home on Serpent Lake

H. J. Kruse, the superintendent of the Rogers, Brown Ore Co., has just completed and is now occupying his beautiful home on the southwest shore of Serpent lake across the bay from Crosby. To one privileged to see it the residence is really one of the finest finished and most cozily planned and luxuriously arranged in central Minnesota.

The grounds are attractive and embrace a large acreage of fine soil, all fenced in and with a private lane giving entrance to the automobile. Frontage on the west is on a main county road and on the east the villa has a magnificent sweep of the entire Serpent lake. From the windows Mr. Kruse can catch a glimpse of the four big mines of which he is the superintendent and of which all will probably be heavy shippers in the season of 1912.

Entering the grounds near the lake one passes up the bank and to the large porch and broad, inviting hallway. Within to the left is the living room with a nook containing a hospitable fireplace flanked with book cases. To the right is the dining room. The ceiling attracts the attention of the visitor for it is arranged in a beamed design at once attractive and pleasing. The entire finish throughout the house is of white oak. In the living room is the piano and it needs no musician to realize the acoustic properties of so well an arranged room. It will be a pleasure and an inspiration to play and sing here. In the nook is a most inviting window seat. The dining room is distinguished by its wainscoting of paneled white oak six feet high and its built-in buffet. Connecting with the dining room is an ample kitchen arranged with all conveniences and a pantry. The entrance to the basement is in the kitchen.

On the second floor are four bedrooms, a parlor and the bath rooms. The spare bed room fronts on the lake and gives a beautiful view of Serpent lake. The bath room is finished in white. A medicine compartment with its shelves is built in the wall. A large mirror on the wall is flanked with electric lights and in addition there is a ceiling light, all so illuminating the room that it is a pleasure to shave here. Hot and cold water is close at hand. The tub is of the latest design. The floor is of tile. The fixtures are of white enamel, porcelain and nickel.

A porch at the rear of the residence offers an inviting seat to view the country road to the west. Each bed room is equipped with spacious closets and the linen closet is the acme of convenience.

Descending again to the basement one finds this part of the house provided with a cement floor. There is the laundry room with three tubs, the bed room and bath room of the servant girl well arranged and tastefully furnished. In another section is the well from which water is drawn, the electric motor which pumps up the water and the large tank, a part of the Kewanee air pressure system.

sure water system. The furnace room containing the heating plant and the coal room and vegetable room occupy other parts of the basement. One half of the basement has an exposure to the south, doors opening out to the yard.

The residence is equipped with steam heat, electric light, hot and cold water, telephone and every other convenience which Mr. Kruse could plan to surprise and delight his wife. She has assisted in the work of planning and selecting the best arrangement of the building. Her artistic nature is revealed for instance, in the art curtains of the bedrooms, all designed and painted by her with decorations in harmony with the interior of each room.

The doors one must not forget for each has a large single panel of quarter sawed white oak. The windows on the main floor are arranged in sets of four with single panels of glass 18 by 72 inches and so built that two open like doors. The house is of large size for it measures 34 by 40 feet.

It is a beautiful residence and essentially a home which bears the stamp of individuality, refinement, comfort and good cheer.

Nature knows no pause in progress and development and attaches her curse on all inaction.—Goethe.

\$3.50 RECIPE FREE, FOR WEAK KIDNEYS

Relieves Urinary and Kidney Troubles, Backache, Straining, Swelling, Etc.

Stops Pain in the Bladder, Kidneys and the Back Also

Wouldn't it be nice within a week or so to begin to say goodbye forever to the scalding, dribbling, straining, or too frequent passage of urine; the forehead

and the back-of-the-head aches; the stitches and pains in the back; the growing muscle weakness, spots before the eyes; yellow skin; sluggish bowels; swollen eyelids or ankles; leg cramps; unnatural short breath; sleeplessness; and the despondency?

I have a recipe for these troubles that you can depend on, and if you want to make a Quick Recovery, you ought to write and get a copy of it. Many a doctor would charge you \$5.00 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: Dr. A. E. Robinson, 353 Luck Building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only pure, harmless remedies, but it has great healing and pain-conquering power. It will quickly show its power once you use it, so I think you had better see what it is without delay. I will send you a copy free—you can use it and cure yourself at home.

She has assisted in the work of planning and selecting the best arrangement of the building. Her artistic nature is revealed for instance, in the art curtains of the bed rooms, all designed and painted by her with decorations in harmony with the interior of each room.

The doors one must not forget for each has a large single panel of quarter sawed white oak. The windows on the main floor are arranged in sets of four with single panels of glass 18 by 72 inches and so built that two open like doors. The house is of large size for it measures 34 by 40 feet.

It is a beautiful residence and essentially a home which bears the stamp of individuality, refinement, comfort and good cheer.

Nature knows no pause in progress and development and attaches her curse on all inaction—Goethe.

TO STUDY IN SWITZERLAND

Miss Blanquita Firth Will Take Two Years Course in Languages and Music

Miss Blanquita Firth, who recently graduated from St. Mary's college of Faribault, has gone to Switzerland where she will devote two years study to languages and music. Leaving Brainerd last Monday she expects to spend a short visit with friends in St. Paul and then to join a party of young ladies who are to make a tour of Europe.

This party will go to Boston and sail from this port. Miss Firth will be with her companions until they reach Genoa, Italy where a representative of the school she is to attend is to meet her. An ocean voyage or a long journey as now confronts her does not deter Miss Firth for she is an experienced traveler, having twice toured Europe, besides visiting much of North and South America.

HELPFUL WORDS

From a Brainerd Citizen

Is your back lame and painful? Does it ache especially after exertion?

Is there a soreness in the kidney region?

These symptoms indicate weak kidneys. There is danger in delay. Weak kidneys fast get weaker. Give your trouble prompt attention.

Doan's Kidney Pills act quickly. They strengthen weak kidneys. Read this Brainerd testimony.

Mrs. W. F. Bourquin, 920 S. 7th St., Brainerd, Minn., says: "Doan's Kidney Pills, procured from H. P. Dunn's drug store, were used in our family about two years ago and they made a permanent cure of lumbago and kidney trouble. We publicly endorsed them at that time and since then have advised their use in cases of kidney complaint at every opportunity."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and get no other.

CUYUNA NORTHERN RAILWAY COMPANY

Route of the Railway as Described in its Articles of Incorporation Recently Filed

IT STARTS NEAR DEERWOOD

Runs in Northerly Direction to a Point on Mississippi River Near Big Rabbit Lake

The articles of incorporation of the Cuyuna Northern Railway company are on file in the register of deeds office, and an examination of them shows the route which the line will take.

Starting at a point at or near Deerwood on the line of the Northern Pacific railway it will extend in a northerly direction through Crow Wing county to a point on the Mississippi river in section 19-47-28.

Examining a map of that region a study of the same leads one to believe that the line would be following the most convenient route if it ran north of Deerwood and east of Serpent lake, thence between Cascade and Beach lakes, past Agate lake to the town of Cuyuna and the Kennedy mine and thence along the ridge of high ground on the south end of Big Rabbit lake to the narrows which would be bridged. From this point it is only about a mile to the bend in the Mississippi river.

Some believe that the railway may also tap the mine to be put in on section 30-46-28 lying about three miles south of Deerwood.

Capitalized at \$100,000, the corporation may commence doing business when 25 per cent of its stock is subscribed for. The highest indebtedness allowed is \$100,000.

Hair Stealers.

It was unsafe for English children to walk out alone in 1505, lest they should be robbed of their hair wig-makers.

Contentment is natural wealth. Luxury is artificial poverty.—Socrates.
